## EDITORIAL BOARD

J. BRONWYN BATEMAN, *Los Angeles*

WILLIAM M. BOURNE, *Rochester*

JOSEPH CAPRIOLI, *New Haven*

JOSEPH L. DEMER, *Los Angeles*

HANS GROSSNIKLAUS, *Atlanta*

HILEL LEWIS, *Cleveland*

THOMAS J. LIESEGANG, *Jacksonville*

ROBERT MACHEMER, *Durham*

LEO J. MAGUIRE, *Rochester*

NEIL R. MILLER, *Baltimore*

BARTLY J. MONDINO, *Los Angeles*

NANCY J. NEWMAN, *Atlanta*

ROBERT B. NUSSENBLATT, *Bethesda*

ALLEN M. PUTTERMAN, *Chicago*

NARSING A. RAO, *Los Angeles*

MERLYN M. RODRIGUES, *Bethesda*

M. BRUCE SHIELDS, *Durham*

H. STANLEY THOMPSON, *Iowa City*

ELIAS I. TRABOULSI, *Baltimore*

GUNTER K. VON NOORDEN, *Houston*

BRADLEY R. STRAATSMA, *Editor-in-Chief*

GEORGE B. BARTLEY, *Abstract Editor*

MARK J. MANNIS, *Book Review Editor*

THOMAS M. AABERG, *Senior Associate Editor*

GARY N. HOLLAND, *Associate Editor*

JAY S. PEPOSE, *Associate Editor*

PUBLISHED MONTHLY BY THE OPHTHALMIC PUBLISHING COMPANY  
Suite 660, 77 W. Wacker Dr., Chicago, Illinois 60601

FRANK W. NEWELL, *Publisher*

MARY L. BORYSEWICZ, *Executive Editor*

## SUBJECT INDEX

NOTE: Abstract Index follows Author Index

### A

#### Accommodation

Accommodation caused by posterior iris bowing in pigmentary dispersion syndrome (letter), 114

#### Acetazolamide

High-dose methylprednisolone and acetazolamide for visual loss in pseudotumor cerebri, 88

#### Acquired immunodeficiency syndrome

Acute uveitis associated with rifabutin use in patients with human immunodeficiency virus infection, 716

Bilateral, intraocular non-Hodgkin's lymphoma in a patient with acquired immunodeficiency syndrome (letter), 401

Clinical and histopathologic study of varicella zoster virus retinitis in patients with the acquired immunodeficiency syndrome, 589

Macular serous exudation in patients with acquired immunodeficiency syndrome and cytomegalovirus retinitis, 212

Polymerase chain reaction identification of human immunodeficiency virus-1 in preserved human sclera (letter), 528

A quantitative and cartographic study of retinal microvasculopathy in acquired immunodeficiency syndrome, 46

Risk factors for the development of rhegmatogenous retinal detachment in patients with cytomegalovirus retinitis (correspondence), 684

#### Acromesomelic dysplasia

Ocular findings in acromesomelic dysplasia, 797

#### Acute retinal necrosis

Acute retinal necrosis caused by reactivation of herpes simplex virus type 2, 205

#### *Aeromonas* sp.

Corneal ulcer caused by *Aeromonas* species (letter), 530

#### Age-related macular degeneration

Biomicroscopic and histopathologic considerations regarding the feasibility of surgical excision of subfoveal neovascular membranes, 285

#### Aging

Systemic diseases associated with nonarteritic anterior ischemic optic neuropathy, 766

#### *Alaria* sp.

Two cases of intraocular infection with *Alaria* mesocercariae (Trematoda), 117:447; correction, 129

#### Anesthesia

Congenital corneal anesthesia, 818

#### Aneurysm

Primary oculomotor nerve synkinesis caused by an extracavernous intradural aneurysm, 83

#### Angiography

A laser printing option for digital angiography systems (letter), 535

Survey of complications of indocyanine green angiography in Japan, 749

#### Angle recession

Airbag-associated bilateral hyphemas and angle recession (letter), 250

#### Angle-closure glaucoma

Increased prevalence of occludable angles and angle-closure glaucoma in patients with pseudoexfoliation (correspondence), 540

Metastatic carcinoma manifesting as angle-closure glaucoma (letter), 116

#### Aniridia

Association and chance occurrence of aniridia and retinoblastoma, 820

#### Anterior chamber

Anterior chamber maintainer for drainage of suprachoroidal hemorrhage (letter), 258

#### Antibody

Fisher's syndrome, anti-GQ1b antibody, and HLA-B39 antigen (letter), 119

#### Antigen

Fisher's syndrome, anti-GQ1b antibody, and HLA-B39 antigen (letter), 119

#### Antiphospholipid antibody syndrome

Antiphospholipid antibody syndrome associated with microscotomata (letter), 397

#### Aqueous humor

Detection of hepatitis C virus RNA in tears and aqueous humor (letter), 524

#### Arteriole

Autosomal recessive retinitis pigmentosa with preserved para-arteriolar retinal pigment epithelium, 430

#### Arteriovenous crossing

Arteriovenous crossing as a risk factor in branch retinal vein occlusion (correspondence), 263

#### Artery

Combined central retinal vein occlusion and cilioretinal artery occlusion associated with prolonged retinal arterial filling (correspondence), 265

Combined central retinal vein occlusion and cilioretinal artery occlusion associated with prolonged retinal arterial filling (correspondence), 265

#### Astigmatism

Computerized statistical analysis of corneal topography for the evaluation of changes in corneal shape after surgery, 177

Photorefractive keratectomy for the correction of myopia and astigmatism (correspondence), 540

**Axenfled-Rieger syndrome**

Cardiac valvular disease and Axenfled-Rieger syndrome (letter), 255

**B****Bacillary angiomatosis**

Bacillary angiomatosis of the conjunctiva, 152

Conjunctival swab to diagnose ocular cat scratch disease (letter), 249

Ophthalmic manifestations of *Rochalimaea* species, 145

**Barotrauma**

Orbital hemorrhage induced by barotrauma (letter), 536

**Behçet's disease**

Combined cyclosporine and corticosteroid therapy for sight-threatening uveitis in Behçet's disease, 39

FK506 treatment of noninfectious uveitis, 723

**Best's disease**

A case of nonpenetrance in Best's disease (letter), 398

**Bietti's crystalline dystrophy**

Clinical biochemical and pathologic correlations in Bietti's crystalline dystrophy, 569

**Bitot's spots**

Response of Bitot's spots to a single oral 100,000- or 200,000-IU dose of vitamin A, 792

**Bleb**

A serious complication of intrableb injection of autologous blood for the treatment of postfiltration hypotony (letter), 251

**Blood velocity**

Color Doppler analysis of ocular vessel blood velocity in normal-tension glaucoma, 642

**Books and Computer Software**

Anterior Segment Complications of Contact Lens Wear, by Silbert, J. A. (ed.), 132

Atlas of Clinical Ophthalmology, 2nd ed., by Spalton, D. J., Hitchings, R. A., and Hunter, P. A. (eds.), 271

Atlas of Complications in Ophthalmic Surgery, by Krupin, E., and Kolker, A. E. (eds.), 409

Atlas of Eyelid Surgery, by Borodic, G. E., and Townsend, D. J., 132

Atlas of Intraocular Tumors, by Sanborn, G. E., Gonder, J. R., and Shields, J. A., 688

Basic Principles of Contact Lens Fitting, by Freeman, M. I., Rakow, P. L., and Campbell, R. C., 132

Color Atlas of Gonioscopy, by Alward, W. L. M., 687

The Cornea, ed. 3, by Smolin, G., and Thoft, R. A. (eds.), 824

Diagnosis of Defective Colour Vision, by Birch, J., 271

Diagnostic Problems in Clinical Ophthalmology, by Margo, C. E. (ed.), 130

Environmental Vision. Interactions of the Eye, Vision, and the Environment, by Pitts, D. G., and Kleinstein, R. N., 133

External Diseases: Cornea, Conjunctiva, Sclera, Eyelids, Lacrimal Systems, by Chandler, J. W., Sugar, J., and Edelhauser, H. (eds.), 542

The Eye in Infancy, 2nd ed., by Isenberg, S. J. (ed.), 408

History of Howe Laboratory, by Cogan, D. O., 272

Intravitreal Surgery. Principles and Practice, ed. 2, by Peyman, G. A., and Schulman, J. A., 689

Macular Surgery, by Bovino, J. A., 543

Management of Difficult Glaucoma, by Higginbotham, E. J., and Lee, D. A. (eds.), 824

Management of Strabismus and Amblyopia. A Practical Guide, by Pratt-Johnson, J. A., and Tillson, G., 268

The Management of Visual Impairment in Childhood, by Fielder, A. R., Best, A. B., and Bax, M. C. O. (eds.), 825

Manual for Eye Examination and Diagnosis, 4th ed., by Leitman, M. W., 272

Medical and Surgical Retina. Advances, Controversies, and Management, by Lewis, H., and Ryan, S. J. (eds.), 408

Medical Contact Lens Practice. A Systematic Approach, by Mackie, I. A., 268

Men of Vision. Lives of Notable Figures in Ophthalmology, by Albert, D. M., and Henkind, P., 826

Ophthalmic Plastic Surgery. Prevention and Management of Complications, by Dortzbach, R. K. (ed.), 130

Ophthalmology Board Review. Optics & Refraction, by MacInnis, B. J., 544

The Oxford English Dictionary, 2nd ed, on CD-ROM., by , 270

PAPYRUS Version 7.0, by The Papyrus Bibliographic System, Research Software Design, 544

Perimetry and Its Clinical Correlations, by Lachenmayr, B. J. and Vivell, P. M. O. (eds.), 131

Radial and Astigmatic Keratotomy. A Complete Handbook for the Successful Practice of Incisional Keratotomy Using the Combined Technique, by Assil, K. K., and Shanzlin, D. J., 410

Radial and Astigmatic Keratotomy, The American System of Precise, Predictable Refractive Surgery, by Thornton, S. P., 409

Refractive Lamellar Keratoplasty, by Rozakis, G. W. (ed.), 410

The Sclera, by Foster, C. S., and Sainz de la Maza, M., 269

Strong Medicine, by Halvorson, G. C., 687

Surgery of the Eyelid, Orbit, and Lacrimal System, vol. I., by Stewart, W. B. (ed.), 543

Surgical Treatment of Astigmatism, by Gills, J. P., Martin, R. G., Thornton, S. P., and Sanders, D. R., 410

- Vision, Brain, and Behavior in Birds, by Zeigler, H. P., and Bischof, H.-J., (eds.), 689
- The Wills Eye Manual. Office and Emergency Room Diagnosis and Treatment of Eye Disease, 2nd ed., by Cullom, R. D., Jr., Chang, B. (eds.), 271
- Branch retinal vein occlusion**  
Arteriovenous crossing as a risk factor in branch retinal vein occlusion (correspondence), 263
- C**
- Capsule**  
Treatment of secondary posterior capsular membranes with the Nd:YAG laser in a pediatric population, 496
- Capsulorhexis**  
Intraocular lens rotation as an aid in subincisional cortex removal (letter), 525
- Capsulotomy**  
Nd:YAG laser damage to silicone intraocular lenses confused with pigment deposits on clinical examination (letter), 526
- Carcinoma**  
Metastatic carcinoma manifesting as angle-closure glaucoma (letter), 116
- Cat scratch disease**  
Bacillary angiomatosis of the conjunctiva, 152  
Conjunctival swab to diagnose ocular cat scratch disease (letter), 249  
Ophthalmic manifestations of *Rochalimaea* species, 145
- Cataract**  
Acute orbital cellulitis after peribulbar injection (letter), 391  
Anterior chamber maintainer for drainage of suprachoroidal hemorrhage (letter), 258  
Computerized statistical analysis of corneal topography for the evaluation of changes in corneal shape after surgery, 177  
Diagnosis of reactive lymphoid hyperplasia by chorioretinal biopsy, 457  
Incidence and management of cataracts in Vogt-Koyanagi-Harada syndrome, 197  
Incidence and progression of cortical, nuclear, and posterior subcapsular cataracts, 623  
Inferior rectus muscle overaction after cataract extraction (letter), 664  
Intraocular lens rotation as an aid in subincisional cortex removal (letter), 525  
Lens-induced glaucoma 65 years after congenital cataract surgery, 807  
Outcome of cataract operations performed to permit diagnosis, to determine eligibility for laser therapy, or to perform laser therapy of retinal disorders, 440  
Pupillary block during cataract surgery (correspondence), 265  
Pupillary block during cataract surgery (correspondence), 678
- Severe diabetic retinopathy after cataract surgery (correspondence), 681  
Treatment of secondary posterior capsular membranes with the Nd:YAG laser in a pediatric population, 496
- Cellulitis**  
Acute orbital cellulitis after peribulbar injection (letter), 391
- Central retinal artery**  
Relapsing and remitting central retinal artery occlusion (letter), 393
- Central retinal vein**  
Central retinal vein occlusion and cilioretinal artery infarction, 811  
Combined central retinal vein occlusion and cilioretinal artery occlusion associated with prolonged retinal arterial filling (correspondence), 265
- Children**  
Critical period for restoration of normal stereoacuity in acute-onset comitant esotropia, 502  
Ophthalmologic abnormalities in the pediatric cochlear implant population, 70  
Progression of retinal nerve fiber myelination in childhood, 515  
Retained silicone tube in congenital nasolacrimal duct obstruction (letter), 671  
Treatment of secondary posterior capsular membranes with the Nd:YAG laser in a pediatric population, 496
- Choroid**  
Choroidal melanomas in Hispanic patients, 57  
Choroidal neovascularization in a patient with adult foveomacular dystrophy and a mutation in the retinal degeneration slow gene (Pro 210 Arg) (letter), 259  
Diagnosis of reactive lymphoid hyperplasia by chorioretinal biopsy, 457
- Ciliary body**  
Surgical management of melanocytoma of the ciliary body with extrascleral extension (correspondence), 404
- Cilioretinal artery**  
Central retinal vein occlusion and cilioretinal artery infarction, 811
- Cochlear implant**  
Ophthalmologic abnormalities in the pediatric cochlear implant population, 70
- Colitis**  
Retinal vascular disease in ulcerative colitis (letter), 395
- Color Doppler analysis**  
Color Doppler analysis of ocular vessel blood velocity in normal-tension glaucoma, 642
- Color vision**  
Hemichromatopsia of unilateral occipitotemporal infarcts, 518
- Cone-rod dystrophy**  
Prolonged rod dark adaptation in patients with cone-rod dystrophy, 362

**Conjunctiva**

- Bacillary angiomatosis of the conjunctiva, 152
- Conjunctival swab to diagnose ocular cat scratch disease (letter), 249
- Cryotherapy for conjunctival lymphoid tumors, 463
- Ophthalmic manifestations of *Rochalimaea* species, 145
- Primary herpes simplex virus infection with geographic conjunctival ulceration (letter), 670
- Severe corneconjunctival xerosis after biliopancreatic bypass for obesity (Scopinaro's operation), 817

**Cornea**

- Clinical pathologic correlation of superficial corneal opacities in X-linked ichthyosis, 477
- Computerized statistical analysis of corneal topography for the evaluation of changes in corneal shape after surgery, 177
- Congenital corneal anesthesia, 818
- Corneal endothelium five years after transplantation, 185
- Corneal ulcer caused by *Aeromonas* species (letter), 530
- Decrease in normal human corneal sensitivity with topical diclofenac sodium, 312
- Displacement of corneal lenticule after automated lamellar keratoplasty (letter), 109
- Excimer laser ablation rate and corneal hydration, 169
- Interferometric measurement of corneal thickness with micrometer precision, 468
- Severe corneconjunctival xerosis after biliopancreatic bypass for obesity (Scopinaro's operation), 817

**Corneal epithelium**

- Nd:YAG laser photo-induced adhesion of the corneal epithelium, 612

**Corrections**

- Clinical characteristics and long-term postoperative results of infantile esotropia, 117:183; correction, 129
- Fisher's syndrome, anti-GQ1b antibody, and HLA-B39, 119; correction, 556
- Perilimbal anesthesia for pars plana vitrectomy, 117:599; correction, 273
- Photorefractive keratectomy for the correction of myopia and astigmatism, 117:369; correction, 134
- Two cases of intraocular infection with *Alaria mesocercariae* (Trematoda), 117:447; correction, 129

**Cortex**

- Intraocular lens rotation as an aid in subincisional cortex removal (letter), 525

**Corticosteroid**

- Combined cyclosporine and corticosteroid therapy for sight-threatening uveitis in Behçet's disease, 39

**Crohn's disease**

- Retinal vascular disease in ulcerative colitis (letter), 395

**Cyclodeviation**

- Cyclodeviation in skew deviation, 509

**Cyclophotocoagulation**

- Inadvertent sclerostomy during transscleral Nd:YAG cyclophotocoagulation (letter), 669
- Use of diagnostic ultrasound in placing diode transscleral cyclophotocoagulation applications (letter), 667

**Cyclosporine**

- Combined cyclosporine and corticosteroid therapy for sight-threatening uveitis in Behçet's disease, 39

**Cytomegalovirus retinitis**

- Macular serous exudation in patients with acquired immunodeficiency syndrome and cytomegalovirus retinitis, 212
- Risk factors for the development of rhegmatogenous retinal detachment in patients with cytomegalovirus retinitis (correspondence), 684

**D****Dacryocystorhinostomy**

- Eyelid incision approach to dacryocystorhinostomy facilitated with a mechanical retraction system (letter), 672
- The pros and cons of laser dacryocystorhinostomy (correspondence), 263
- The role of the medial canthal tendon in external dacryocystorhinostomy (letter), 117

**Dark adaptation**

- Prolonged rod dark adaptation in patients with cone-rod dystrophy, 362

**Deferoxamine**

- Deferoxamine-associated retinopathy after subcutaneous injection (letter), 260

**Diabetic retinopathy**

- Increased vascular endothelial growth factor levels in the vitreous of eyes with proliferative diabetic retinopathy, 445
- Severe diabetic retinopathy after cataract surgery (correspondence), 681

**Diclofenac sodium**

- Decrease in normal human corneal sensitivity with topical diclofenac sodium, 312

**Diplopia**

- Skew deviation after vestibular neuritis, 238

**E****Echinococcus sp.**

- Echinococcus* cysts of the orbit and substernum (letter), 676

**Echography**

- Comparison of standardized echography with magnetic resonance imaging to measure extraocular muscle size, 351

**Editorials**

Advances in submacular surgery (CAPONE, A., JR., and STERNBERG, P., JR.), 659

The cat scratch disease-bacillary angiomatosis puzzle (GROSSNIKLAUS, H. E.), 246

Drug-induced uveitis: reporting inflammation while avoiding inflammatory reports (ROSENBAUM, J. T.), 805

Information for authors and benefits to readers (STRAATSMAN, B. R.), 104

**Encephalocraniocutaneous lipomatosis**

Ocular and systemic manifestations of encephalocraniocutaneous lipomatosis, 77

**Endothelial growth factor**

Increased vascular endothelial growth factor levels in the vitreous of eyes with proliferative diabetic retinopathy, 445

**Endothelium**

Corneal endothelium five years after transplantation, 185

**Enucleation**

Nd:YAG laser photo-induced adhesion of the corneal epithelium, 612

**Epidemiology**

Incidence and progression of cortical, nuclear, and posterior subcapsular cataracts, 623

**Epidermolysis bullosa**

Review of ophthalmic findings in 204 patients with epidermolysis bullosa, 384

**Epithelial ingrowth**

Epithelial ingrowth and apparent filtering bleb encapsulation (letter), 113

**Epitheliitis**

Acute retinal pigment epitheliitis and hepatitis C (letter), 120

**Esotropia**

Clinical characteristics and long-term postoperative results of infantile esotropia (correspondence), 538

Clinical characteristics and long-term postoperative results of infantile esotropia, 117:183; correction, 129

Critical period for restoration of normal stereoacuity in acute-onset comitant esotropia, 502

**Exudation**

Macular serous exudation in patients with acquired immunodeficiency syndrome and cytomegalovirus retinitis, 212

**Eyebrow**

Treatment of retracted eyebrow through eyelid approach (letter), 674

**Eyelid**

Eyelid incision approach to dacryocystorhinostomy facilitated with a mechanical retraction system (letter), 672

Syringocystadenoma papilliferum of the eyelid (correspondence), 822

Treatment of retracted eyebrow through eyelid approach (letter), 674

**F****Fibrinolysis**

Intraoperative fibrinolysis of submacular hemorrhage with tissue plasminogen activator and surgical drainage, 559

**Filtering bleb**

Epithelial ingrowth and apparent filtering bleb encapsulation (letter), 113

**Filtration surgery**

The effect of long-term medical therapy on the outcome of filtration surgery (correspondence), 537

**Fisher's syndrome**

Fisher's syndrome, anti-GQ1b antibody, and HLA-B39 antigen (letter), 119

**FK506**

FK506 treatment of noninfectious uveitis, 723

**Fluorophotometry**

Fluorophotometry in myopic phakic eyes with anterior chamber intraocular lenses to correct severe myopia, 316

**5-fluorouracil**

Comparative toxicity of mitomycin C and 5-fluorouracil in vitro, 332

**Foveomacular dystrophy**

Choroidal neovascularization in a patient with adult foveomacular dystrophy and a mutation in the retinal degeneration slow gene (Pro 210 Arg) (letter), 259

**Fuchs' heterochromic uveitis**

Iris nodules in Fuchs' heterochromic uveitis, 338

**G****Genetics**

Clinical pathologic correlation of superficial corneal opacities in X-linked ichthyosis, 477

Epidemic neuropathy in Cuba not associated with mitochondrial DNA mutations found in Leber's hereditary optic neuropathy patients, 158

Immunogenetic aspects in primary open-angle glaucoma in family members of Mexican mestizo glaucomatous patients, 744

**Glaucoma**

Color Doppler analysis of ocular vessel blood velocity in normal-tension glaucoma, 642

Comparative toxicity of mitomycin C and 5-fluorouracil in vitro, 332

Diagnosis of reactive lymphoid hyperplasia by chorioretinal biopsy, 457

The effect of long-term medical therapy on the outcome of filtration surgery (correspondence), 537

Histopathologic effects of mitomycin C after trabeculectomy in human glaucomatous eyes with persistent hypotony, 225

Immunogenetic aspects in primary open-angle glaucoma in family members of Mexican mestizo glaucomatous patients, 744

- Increased prevalence of occludable angles and angle-closure glaucoma in patients with pseudoexfoliation (correspondence), 540
- Lateral geniculate nucleus in glaucoma (correspondence), 126
- Lens-induced glaucoma 65 years after congenital cataract surgery, 807
- Metastatic carcinoma manifesting as angle-closure glaucoma (letter), 116
- Metipranolol-associated granulomatous iritis, 712
- Optic disk hemorrhages in glaucoma, 1
- Secondary glaucoma associated with retained perfluorophenanthrene (letter), 253
- A serious complication of intrableb injection of autologous blood for the treatment of postfiltration hypotony (letter), 251
- Short-wavelength automated perimetry without lens density testing, 632
- Technique for determining glaucomatous visual field progression by using animation graphics, 485
- Test-retest variability of topographic measurements with confocal scanning laser tomography in patients with glaucoma and control subjects, 9
- Glial cell**
- Rapid changes in the expression of glial cell proteins caused by experimental retinal detachment, 368

## H

### Hemichromatopsia

- Hemichromatopsia of unilateral occipitotemporal infarcts, 518

### Hemorrhage

- Anterior chamber maintainer for drainage of suprachoroidal hemorrhage (letter), 258
- Intraoperative fibrinolysis of submacular hemorrhage with tissue plasminogen activator and surgical drainage, 559
- Optic disk hemorrhages in glaucoma, 1
- Orbital hemorrhage induced by barotrauma (letter), 536
- Streptokinase-induced Tenon's hemorrhage after retinal detachment surgery, 815
- Treatment of massive subretinal hemorrhage from complications of scleral buckling procedures, 299

### Hepatitis C

- Acute retinal pigment epitheliitis and hepatitis C (letter), 120
- Detection of hepatitis C virus RNA in tears and aqueous humor (letter), 524

### Herpes simplex virus

- Acute retinal necrosis caused by reactivation of herpes simplex virus type 2, 205
- Primary herpes simplex virus infection with geographic conjunctival ulceration (letter), 670

### Human immunodeficiency virus

- Acute uveitis associated with rifabutin use in patients with human immunodeficiency virus infection, 716
- Polymerase chain reaction identification of human immunodeficiency virus-1 in preserved human sclera (letter), 528

### Hyaloid membrane

- Oval defect in detached posterior hyaloid membrane in idiopathic preretinal macular fibrosis, 451

### Hyphema

- Airbag-associated bilateral hyphemas and angle recession (letter), 250

### Hypotony

- Histopathologic effects of mitomycin C after trabeculectomy in human glaucomatous eyes with persistent hypotony, 225
- A serious complication of intrableb injection of autologous blood for the treatment of postfiltration hypotony (letter), 251

## I

### Idiopathic macular holes

- Risk factors for idiopathic macular holes, 754

### Idiopathic preretinal macular fibrosis

- Oval defect in detached posterior hyaloid membrane in idiopathic preretinal macular fibrosis, 451

### Indocyanine green

- Survey of complications of indocyanine green angiography in Japan, 749

### Infantile esotropia

- Clinical characteristics and long-term postoperative results of infantile esotropia (correspondence), 538

### Infants

- Clinical characteristics and long-term postoperative results of infantile esotropia (correspondence), 538
- Clinical characteristics and long-term postoperative results of infantile esotropia, 117:183; correction, 129
- A controlled clinical trial of light and retinopathy of prematurity, 492
- Ocular findings in acromesomelic dysplasia, 797
- Povidone-iodine for ophthalmia neonatorum prophylaxis, 701

### Interferometry

- Interferometric measurement of corneal thickness with micrometer precision, 468

### International Agency for the Prevention of Blindness

- The International Agency for the Prevention of Blindness (correspondence), 405
- The International Agency for the Prevention of Blindness (correspondence), 406

### Intraocular lens

- Dislocation of a phakic intraocular lens (letter), 666

Fluorophotometry in myopic phakic eyes with anterior chamber intraocular lenses to correct severe myopia, 316

Intraocular lens rotation as an aid in subincisional cortex removal (letter), 525

Loss of visibility caused by moisture condensation on the posterior surface of a silicone intraocular lens during fluid/gas exchange after posterior vitrectomy (letter), 667

Nd:YAG laser damage to silicone intraocular lenses confused with pigment deposits on clinical examination (letter), 526

## Iris

Accommodation caused by posterior iris bowing in pigmentary dispersion syndrome (letter), 114

Iris nodules in Fuchs' heterochromic uveitis, 338

A prospective evaluation of cholinergic supersensitivity of the iris sphincter in patients with oculomotor nerve palsies, 377

## Iritis

Metipranolol-associated granulomatous iritis, 712

## K

### Keratotomy

Excimer laser ablation rate and corneal hydration, 169

Photorefractive keratotomy after radial keratotomy in a patient with severe myopia (letter), 106

Photorefractive keratotomy for the correction of myopia and astigmatism (correspondence), 540

Results one year after using the 193-nm excimer laser for photorefractive keratotomy in mild to moderate myopia, 304

### Keratitis

Fungal panophthalmitis secondary to *Scedosporium apiospermum* (*Pseudallescheria boydii*) keratitis (letter), 531

Keratitis as a complication of bilateral, simultaneous radial keratotomy (correspondence), 680

### Keratoconus

Familial cases of keratoconus associated with posterior polymorphous dystrophy (letter), 256

### Keratoplasty

Corneal endothelium five years after transplantation, 185

Displacement of corneal lenticule after automated lamellar keratoplasty (letter), 109

Therapeutic keratoplasty after radial keratotomy (letter), 108

## L

### Lacrimal apparatus

Eyelid incision approach to dacryocystorhinostomy facilitated with a mechanical retraction system (letter), 672

Nonepithelial tumors of the lacrimal sac, 650

Retained silicone tube in congenital nasolacrimal duct obstruction (letter), 671

Silicone intubation without intranasal fixation for treatment of congenital nasolacrimal duct obstruction, 781

## Laser

Excimer laser ablation rate and corneal hydration, 169

Inadvertent sclerostomy during transscleral Nd:YAG cyclophotocoagulation (letter), 669

Nd:YAG laser damage to silicone intraocular lenses confused with pigment deposits on clinical examination (letter), 526

Nd:YAG laser photo-induced adhesion of the corneal epithelium, 612

Outcome of cataract operations performed to permit diagnosis, to determine eligibility for laser therapy, or to perform laser therapy of retinal disorders, 440

The pros and cons of laser dacryocystorhinostomy (correspondence), 263

Results one year after using the 193-nm excimer laser for photorefractive keratectomy in mild to moderate myopia, 304

Transient lens changes after diode laser retinal photoablation for retinopathy of prematurity (letter), 533

Treatment of secondary posterior capsular membranes with the Nd:YAG laser in a pediatric population, 496

### Lateral geniculate nucleus

Lateral geniculate nucleus in glaucoma (correspondence), 126

### Leber's hereditary optic neuropathy

Epidemic neuropathy in Cuba not associated with mitochondrial DNA mutations found in Leber's hereditary optic neuropathy patients, 158

## Lens

Lens-induced glaucoma 65 years after congenital cataract surgery, 807

Short-wavelength automated perimetry without lens density testing, 632

Transient lens changes after diode laser retinal photoablation for retinopathy of prematurity (letter), 533

## Lymphoma

Bilateral, intraconal non-Hodgkin's lymphoma in a patient with acquired immunodeficiency syndrome (letter), 401

## M

### Macula

Macular serous exudation in patients with acquired immunodeficiency syndrome and cytomegalovirus retinitis, 212

Oval defect in detached posterior hyaloid membrane in idiopathic preretinal macular fibrosis, 451

Racial differences in the prevalence of atrophic-appearing macular lesions between black and white patients with retinitis pigmentosa, 33

- Resolution of an absolute scotoma after spontaneous disappearance of idiopathic full-thickness macular hole (letter), 121
- Risk factors for idiopathic macular holes, 754
- Maculopathy**  
Treatment of hypotonous maculopathy after trabeculectomy with mitomycin C, 322
- Magnetic resonance imaging**  
Comparison of standardized echography with magnetic resonance imaging to measure extraocular muscle size, 351
- Magnetic resonance imaging artifacts induced by ocular prosthesis (letter), 262
- Medial canthal tendon**  
The role of the medial canthal tendon in external dacryocystorhinostomy (letter), 117
- Melanocytoma**  
Surgical management of melanocytoma of the ciliary body with extrascleral extension (correspondence), 404
- Melanoma**  
Choroidal melanomas in Hispanic patients, 57
- Ocular melanoma in Holocaust survivors (correspondence), 402
- Metastasis**  
Ancillary testing for metastasis in patients with newly diagnosed retinoblastoma, 707
- Methylprednisolone**  
High-dose methylprednisolone and acetazolamide for visual loss in pseudotumor cerebri, 88
- Metipranolol**  
Metipranolol-associated granulomatous iritis, 712
- Microscotoma**  
Antiphospholipid antibody syndrome associated with microscotomata (letter), 397
- Microvasculopathy**  
A quantitative and cartographic study of retinal microvasculopathy in acquired immunodeficiency syndrome, 46
- Mitochondria**  
Epidemic neuropathy in Cuba not associated with mitochondrial DNA mutations found in Leber's hereditary optic neuropathy patients, 158
- Mitomycin C**  
Comparative toxicity of mitomycin C and 5-fluorouracil in vitro, 332
- Histopathologic effects of mitomycin C after trabeculectomy in human glaucomatous eyes with persistent hypotony, 225
- Retained cellulose sponge after trabeculectomy with adjunctive subconjunctival mitomycin C (letter), 111
- Treatment of hypotonous maculopathy after trabeculectomy with mitomycin C, 322
- Mucosa**  
Hard-palate mucosa graft in Stevens-Johnson syndrome, 786
- Muscle**  
Acquired double elevator palsy in a child with a pineocytoma, 810
- Clinical characteristics and surgical management of congenital absence of the superior oblique tendon, 63
- Comparison of standardized echography with magnetic resonance imaging to measure extraocular muscle size, 351
- Inferior rectus muscle overaction after cataract extraction (letter), 664
- Myelination**  
Progression of retinal nerve fiber myelination in childhood, 515
- Myopia**  
Excimer laser ablation rate and corneal hydration, 169
- Fluorophotometry in myopic phakic eyes with anterior chamber intraocular lenses to correct severe myopia, 316
- Fluorophotometry in myopic phakic eyes with anterior chamber intraocular lenses to correct severe myopia, 316
- Photorefractive keratectomy after radial keratotomy in a patient with severe myopia (letter), 106
- Photorefractive keratectomy for the correction of myopia and astigmatism (correspondence), 540
- Results one year after using the 193-nm excimer laser for photorefractive keratectomy in mild to moderate myopia, 304
- Myositis**  
Clinical and echographic findings in idiopathic orbital myositis, 343
- N**
- Neovascularization**  
Biomicroscopic and histopathologic considerations regarding the feasibility of surgical excision of subfoveal neovascular membranes, 285
- Choroidal neovascularization in a patient with adult foveomacular dystrophy and a mutation in the retinal degeneration slow gene (Pro 210 Arg) (letter), 259
- Nerve**  
A prospective evaluation of cholinergic supersensitivity of the iris sphincter in patients with oculomotor nerve palsies, 377
- Nerve fiber**  
Reproducibility of retinal nerve fiber layer evaluation by dynamic scanning laser ophthalmoscopy, 16
- Neuritis**  
Skew deviation after vestibular neuritis, 238
- Neuropathy**  
Epidemic neuropathy in Cuba not associated with mitochondrial DNA mutations found in Leber's hereditary optic neuropathy patients, 158

**Non-Hodgkin's lymphoma**

Bilateral, intraconal non-Hodgkin's lymphoma in a patient with acquired immunodeficiency syndrome (letter), 401

**Nonarteritic anterior ischemic optic neuropathy**

Systemic diseases associated with nonarteritic anterior ischemic optic neuropathy, 766

**O****Obituaries**

- Allen, Henry F. 1916-1993 (JAKOBIEC, F. A.), 133  
Hughes, Wendell L. 1900-1994 (HORNBLASS, A.), 272  
Norton, Edward W. D. 1922-1994 (STRAATSMA, B. R.), 545  
Theodore, Frederick H. 1908-1994 (SCHLOSSMAN, A.), 546

**Occlusion**

- Central retinal vein occlusion and cilioretinal artery infarction, 811  
Combined central retinal vein occlusion and cilioretinal artery occlusion associated with prolonged retinal arterial filling (correspondence), 265  
A randomized, double-masked study on the treatment of retinal vein occlusion with troxerutin, 421  
Relapsing and remitting central retinal artery occlusion (letter), 393

**Ocular torsion**

Cyclodeviation in skew deviation, 509

**Oculomotor nerve**

Primary oculomotor nerve synkinesis caused by an extracavernous intradural aneurysm, 83

**Oculomotor paresis**

Fascicular arrangement in partial oculomotor paresis, 97

**Opacification**

Nd:YAG laser damage to silicone intraocular lenses confused with pigment deposits on clinical examination (letter), 526

**Opacity**

Clinical pathologic correlation of superficial corneal opacities in X-linked ichthyosis, 477

**Ophthalmia neonatorum**

Povidone-iodine for ophthalmia neonatorum prophylaxis, 701

**Ophthalmoscopy**

Reproducibility of retinal nerve fiber layer evaluation by dynamic scanning laser ophthalmoscopy, 16

**Optic disk**

Optic disk hemorrhages in glaucoma, 1

**Orbit**

- Acute orbital cellulitis after peribulbar injection (letter), 391  
Clinical and echographic findings in idiopathic orbital myositis, 343  
*Echinococcus* cysts of the orbit and substernum (letter), 676

Orbital hemorrhage induced by barotrauma (letter), 536

Visual acuity after radiation for orbital rhabdomyosarcoma, 808

**P****Palsy**

- Acquired double elevator palsy in a child with a pineocytoma, 810  
A prospective evaluation of cholinergic supersensitivity of the iris sphincter in patients with oculomotor nerve palsies, 377

**Pamidronate disodium**

Pamidronate disodium and possible ocular adverse drug reactions, 220

**Perfluoro-n-octane**

Management of complex retinal detachment with combined relaxing retinotomy and intravitreal perfluoro-n-octane injection, 24

**Perfluorodecalin**

Experimental long-term vitreous replacement with purified and nonpurified perfluorodecalin (correspondence), 403

**Perfluorophenanthrene**

- Perfluorophenanthrene unsuitable for postoperative retinal tamponade (letter), 124  
Secondary glaucoma associated with retained perfluorophenanthrene (letter), 253

**Perimetry**

Short-wavelength automated perimetry without lens density testing, 632

**Perspectives**

Review of ophthalmic findings in 204 patients with epidermolysis bullosa, 384

**Phacoemulsification**

Anterior chamber maintainer for drainage of suprachoroidal hemorrhage (letter), 258

**Photoablation**

Transient lens changes after diode laser retinal photoablation for retinopathy of prematurity (letter), 533

**Pigmentary dispersion syndrome**

Accommodation caused by posterior iris bowing in pigmentary dispersion syndrome (letter), 114

**Pineocytoma**

Acquired double elevator palsy in a child with a pineocytoma, 810

**Polymerase chain reaction**

Polymerase chain reaction identification of human immunodeficiency virus-1 in preserved human sclera (letter), 528

**Posterior polymorphous dystrophy**

Familial cases of keratoconus associated with posterior polymorphous dystrophy (letter), 256

**Povidone-iodine**

Povidone-iodine for ophthalmia neonatorum prophylaxis, 701

**Presumed ocular histoplasmosis**

Biomicroscopic and histopathologic considerations regarding the feasibility of surgical excision of subfoveal neovascular membranes, 285

**Progressive zonal outer retinitis**

Progressive zonal outer retinitis, 583

**Proliferative vitreoretinopathy**

Loss of visibility caused by moisture condensation on the posterior surface of a silicone intraocular lens during fluid/gas exchange after posterior vitrectomy (letter), 667

**Prophylaxis**

Povidone-iodine for ophthalmia neonatorum prophylaxis, 701

**Prosthesis**

Magnetic resonance imaging artifacts induced by ocular prosthesis (letter), 262

**Protein**

Rapid changes in the expression of glial cell proteins caused by experimental retinal detachment, 368

***Pseudallescheria* sp.**

Fungal panophthalmitis secondary to *Scedosporium apiospermum* (*Pseudallescheria boydii*) keratitis (letter), 531

**Pseudoexfoliation**

Increased prevalence of occludable angles and angle-closure glaucoma in patients with pseudoexfoliation (correspondence), 540

**Pseudoexfoliation syndrome**

A histopathologic study of zonular instability in pseudoexfoliation syndrome, 730

Pseudoexfoliation syndrome masquerading as uveitis (letter), 392

**Pseudotumor cerebri**

High-dose methylprednisolone and acetazolamide for visual loss in pseudotumor cerebri, 88

**Pupil**

Pupillary block during cataract surgery (correspondence), 265

Pupillary block during cataract surgery (correspondence), 678

**R****Radial keratotomy**

Keratitis as a complication of bilateral, simultaneous radial keratotomy (correspondence), 680

Photorefractive keratectomy after radial keratotomy in a patient with severe myopia (letter), 106

Therapeutic keratoplasty after radial keratotomy (letter), 108

**Radiation**

Visual acuity after radiation for orbital rhabdomyosarcoma, 808

**Reactive lymphoid hyperplasia**

Diagnosis of reactive lymphoid hyperplasia by chorioretinal biopsy, 457

**Retina**

Acute retinal necrosis caused by reactivation of herpes simplex virus type 2, 205

Acute retinal pigment epitheliitis and hepatitis C (letter), 120

Choroidal neovascularization in a patient with adult foveomacular dystrophy and a mutation in the retinal degeneration slow gene (Pro 210 Arg) (letter), 259

Clinical and histopathologic study of varicella zoster virus retinitis in patients with the acquired immunodeficiency syndrome, 589

Clinical biochemical and pathologic correlations in Bietti's crystalline dystrophy, 569

Combined central retinal vein occlusion and cilioretinal artery occlusion associated with prolonged retinal arterial filling (correspondence), 265

Increased vascular endothelial growth factor levels in the vitreous of eyes with proliferative diabetic retinopathy, 445

Intraoperative fibrinolysis of submacular hemorrhage with tissue plasminogen activator and surgical drainage, 559

Outcome of cataract operations performed to permit diagnosis, to determine eligibility for laser therapy, or to perform laser therapy of retinal disorders, 440

Perfluorophenanthrene unsuitable for postoperative retinal tamponade (letter), 124

Progression of retinal nerve fiber myelination in childhood, 515

Progressive zonal outer retinitis, 583

A quantitative and cartographic study of retinal microvasculopathy in acquired immunodeficiency syndrome, 46

A randomized, double-masked study on the treatment of retinal vein occlusion with troxerutin, 421

Relapsing and remitting central retinal artery occlusion (letter), 393

Relationship between floaters, light flashes, or both, and complications of posterior vitreous detachment (correspondence), 682

Relationship between floaters, light flashes, or both, and complications of posterior vitreous detachment (correspondence), 683

Reproducibility of retinal nerve fiber layer evaluation by dynamic scanning laser ophthalmoscopy, 16

Retinal vascular disease in ulcerative colitis (letter), 395

**Retinal detachment**

Experimental long-term vitreous replacement with purified and nonpurified perfluorodecalin (correspondence), 403

Management of complex retinal detachment with combined relaxing retinotomy and intravitreal perfluoro-n-octane injection, 24

- Pneumatic retinopexy for the treatment of giant retinal dialyses, 762
- Rapid changes in the expression of glial cell proteins caused by experimental retinal detachment, 368
- Retinal detachment and temporary silicone encircling band (letter), 400
- Risk factors for the development of rhegmatogenous retinal detachment in patients with cytomegalovirus retinitis (correspondence), 684
- Secondary glaucoma associated with retained perfluorophenanthrene (letter), 253
- Streptokinase-induced Tenon's hemorrhage after retinal detachment surgery, 815
- Treatment of massive subretinal hemorrhage from complications of scleral buckling procedures, 299
- Retinal pigment epithelium**
- Autosomal recessive retinitis pigmentosa with preserved para-arteriolar retinal pigment epithelium, 430
- Retinitis pigmentosa**
- Autosomal recessive retinitis pigmentosa with preserved para-arteriolar retinal pigment epithelium, 430
- Racial differences in the prevalence of atrophic-appearing macular lesions between black and white patients with retinitis pigmentosa, 33
- Retinoblastoma**
- Ancillary testing for metastasis in patients with newly diagnosed retinoblastoma, 707
- Association and chance occurrence of aniridia and retinoblastoma, 820
- Retinopathy**
- Deferoxamine-associated retinopathy after subcutaneous injection (letter), 260
- Retinopathy of prematurity**
- A controlled clinical trial of light and retinopathy of prematurity, 492
- Transient lens changes after diode laser retinal photocoagulation for retinopathy of prematurity (letter), 533
- Retinopexy**
- Pneumatic retinopexy for the treatment of giant retinal dialyses, 762
- Retinoschisis**
- Echographic diagnosis of degenerative retinoschisis facilitated by scleral indentation (letter), 123
- Retinotomy**
- Management of complex retinal detachment with combined relaxing retinotomy and intravitreal perfluoro-n-octane injection, 24
- Rhabdomyosarcoma**
- Visual acuity after radiation for orbital rhabdomyosarcoma, 808
- Rifabutin**
- Acute uveitis associated with rifabutin use in patients with human immunodeficiency virus infection, 716
- Rochalimaea sp.**
- Bacillary angiomatosis of the conjunctiva, 152
- Conjunctival swab to diagnose ocular cat scratch disease (letter), 249
- Ophthalmic manifestations of *Rochalimaea* species, 145
- S**
- Sclera**
- Echographic diagnosis of degenerative retinoschisis facilitated by scleral indentation (letter), 123
- Polymerase chain reaction identification of human immunodeficiency virus-1 in preserved human sclera (letter), 528
- Treatment strategies for scleritis and uveitis associated with inflammatory bowel disease, 601
- Use of diagnostic ultrasound in placing diode transscleral cyclophotocoagulation applications (letter), 667
- Scleral buckling**
- Retinal detachment and temporary silicone encircling band (letter), 400
- Treatment of massive subretinal hemorrhage from complications of scleral buckling procedures, 299
- Sclerostomy**
- Inadvertent sclerostomy during transscleral Nd:YAG cyclophotocoagulation (letter), 669
- Sclerotomy**
- Ultrasound biomicroscopy for examination of the sclerotomy site after pars plana vitrectomy, 813
- Scotoma**
- Resolution of an absolute scotoma after spontaneous disappearance of idiopathic full-thickness macular hole (letter), 121
- Silicone intubation**
- Silicone intubation without intranasal fixation for treatment of congenital nasolacrimal duct obstruction, 781
- Skew deviation**
- Cyclodeviation in skew deviation, 509
- Skew deviation after vestibular neuritis, 238
- Stereoacuity**
- Critical period for restoration of normal stereoacuity in acute-onset comitant esotropia, 502
- Stevens-Johnson syndrome**
- Hard-palate mucosa graft in Stevens-Johnson syndrome, 786
- Strabismus**
- Acute orbital cellulitis after peribulbar injection (letter), 391
- Skew deviation after vestibular neuritis, 238
- Sympathetic ophthalmia**
- FK506 treatment of noninfectious uveitis, 723
- Syringocystadenoma papilliferum**
- Syringocystadenoma papilliferum of the eyelid (correspondence), 822

## T

**Tamponade**

Perfluorophenanthrene unsuitable for postoperative retinal tamponade (letter), 124

**Tears**

Detection of hepatitis C virus RNA in tears and aqueous humor (letter), 524

**Tendon**

Clinical characteristics and surgical management of congenital absence of the superior oblique tendon, 63

**Tissue plasminogen activator**

Intraoperative fibrinolysis of submacular hemorrhage with tissue plasminogen activator and surgical drainage, 559

**Tomography**

Test-retest variability of topographic measurements with confocal scanning laser tomography in patients with glaucoma and control subjects, 9

**Topography**

Computerized statistical analysis of corneal topography for the evaluation of changes in corneal shape after surgery, 177

Test-retest variability of topographic measurements with confocal scanning laser tomography in patients with glaucoma and control subjects, 9

**Toxicity**

Comparative toxicity of mitomycin C and 5-fluorouracil in vitro, 332

**Trabeculectomy**

Histopathologic effects of mitomycin C after trabeculectomy in human glaucomatous eyes with persistent hypotony, 225

Retained cellulose sponge after trabeculectomy with adjunctive subconjunctival mitomycin C (letter), 111

Treatment of hypotonous maculopathy after trabeculectomy with mitomycin C, 322

**Troxerutin**

A randomized, double-masked study on the treatment of retinal vein occlusion with troxerutin, 421

**Tumor**

Cryotherapy for conjunctival lymphoid tumors, 463

Metastatic carcinoma manifesting as angle-closure glaucoma (letter), 116

Nonepithelial tumors of the lacrimal sac, 650

Surgical management of melanocytoma of the ciliary body with extrascleral extension (correspondence), 404

## U

**Ulcer**

Corneal ulcer caused by *Aeromonas* species (letter), 530

Primary herpes simplex virus infection with geographic conjunctival ulceration (letter), 670

**Ultrasound**

Use of diagnostic ultrasound in placing diode trans-scleral cyclophotocoagulation applications (letter), 667

**Uveitis**

Acute uveitis associated with rifabutin use in patients with human immunodeficiency virus infection, 716

Combined cyclosporine and corticosteroid therapy for sight-threatening uveitis in Behçet's disease, 39

FK506 treatment of noninfectious uveitis, 723

Iris nodules in Fuchs' heterochromic uveitis, 338

Metipranolol-associated granulomatous iritis, 712

Pamidronate disodium and possible ocular adverse drug reactions, 220

Pseudoexfoliation syndrome masquerading as uveitis (letter), 392

Treatment strategies for scleritis and uveitis associated with inflammatory bowel disease, 601

## V

**Varicella zoster virus**

Clinical and histopathologic study of varicella zoster virus retinitis in patients with the acquired immunodeficiency syndrome, 589

**Vein**

A randomized, double-masked study on the treatment of retinal vein occlusion with troxerutin, 421

**Visual acuity**

Visual acuity after radiation for orbital rhabdomyosarcoma (letter), 808

**Visual field**

Short-wavelength automated perimetry without lens density testing, 632

Technique for determining glaucomatous visual field progression by using animation graphics, 485

**Vitamin**

Response of Bitot's spots to a single oral 100,000- or 200,000-IU dose of vitamin A, 792

**Vitelliform macular dystrophy**

A case of nonpenetrance in Best's disease (letter), 398

**Vitrectomy**

Loss of visibility caused by moisture condensation on the posterior surface of a silicone intraocular lens during fluid/gas exchange after posterior vitrectomy (letter), 667

Management of complex retinal detachment with combined relaxing retinotomy and intravitreal perfluoro-n-octane injection, 24

Treatment of massive subretinal hemorrhage from complications of scleral buckling procedures, 299

Ultrasound biomicroscopy for examination of the sclerotomy site after pars plana vitrectomy, 813

**Vitreous**

- Experimental long-term vitreous replacement with purified and nonpurified perfluorodecalin (correspondence), 403
- Increased vascular endothelial growth factor levels in the vitreous of eyes with proliferative diabetic retinopathy, 445
- Relationship between floaters, light flashes, or both, and complications of posterior vitreous detachment (correspondence), 682
- Relationship between floaters, light flashes, or both, and complications of posterior vitreous detachment (correspondence), 683
- Risk factors for idiopathic macular holes, 754

**Vogt-Koyanagi-Harada syndrome**

- FK506 treatment of noninfectious uveitis, 723
- Incidence and management of cataracts in Vogt-Koyanagi-Harada syndrome, 197

**X****Xerosis**

- Severe corneconjunctival xerosis after biliopancreatic bypass for obesity (Scopinaro's operation), 817

**Z****Zonule**

- A histopathologic study of zonular instability in pseudoexfoliation syndrome, 730

## ABSTRACT INDEX

### A

#### Acquired immunodeficiency syndrome

Acquired immunodeficiency syndrome and the Americans With Disabilities Act. A legal duty to treat, 280

Editorial response to Halevy and Brody, 281

Randomized phase I trial of two different combination foscarnet and ganciclovir chronic maintenance therapy regimens for AIDS patients with cytomegalovirus retinitis. AIDS Clinical Trials Group protocol 151, 693

#### Acyclovir

Influence of oral acyclovir on ocular complications of herpes zoster ophthalmicus, 412

A prospective randomized trial of oral acyclovir after penetrating keratoplasty for herpes simplex keratitis, 274

#### Administrative meetings

Meeting mania, 418

#### Adnexa

Orbital and adnexal involvement in systemic non-Hodgkin's lymphoma, 417

#### Age-related macular degeneration

Clinicopathologic correlation of drusen and retinal pigment epithelial abnormalities in age-related macular degeneration, 550

Iris pigmentation and extent of disease in patients with neovascular age-related macular degeneration, 415

#### Aging

Iris pigmentation and extent of disease in patients with neovascular age-related macular degeneration, 415

Unrecognized visual problems amongst residents of Part III homes, 277

Uveitis presenting de novo in the elderly, 830

#### Akinesia

The syndrome of 'pure akinesia' and its relationship to progressive supranuclear palsy, 416

#### Alcohol

A prospective study of alcohol consumption and risk of cataract, 691

#### Americans With Disabilities Act

Acquired immunodeficiency syndrome and the Americans With Disabilities Act. A legal duty to treat, 280

Editorial response to Halevy and Brody, 281

#### Anesthesia

The effect of single-application topical ophthalmic anesthesia in patients with trigeminal neuralgia. A randomized double-blind placebo-controlled trial, 554

Effect on intraocular pressure of local anaesthesia in eyes undergoing intraocular surgery, 828

External ophthalmoplegia after total intravenous anesthesia, 696

#### Aniridia

Homology of the eyeless gene of *Drosophila* to the small eye gene in mice and aniridia in humans, 692

#### Anti-oxidant

Retinopathy of prematurity and bilirubin. No clinical evidence for a beneficial role of bilirubin as a physiological anti-oxidant, 414

#### Antibody

Fisher's syndrome, anti-GQ1b antibody, and HLA-B39 antigen, 119, correction, 556

#### Antigen

Fisher's syndrome, anti-GQ1b antibody, and HLA-B39 antigen, 119, correction, 556

#### Arteritis

Temporal arteritis. Comparison of histological and clinical findings, 694

#### Artery

Retinal-artery embolism after directional coronary atherectomy, 694

#### Ataxia

Autosomal dominant cerebellar ataxia with pigmentary macular dystrophy; a clinical and genetic study of eight families, 832

Comparison of oculomotor findings in the progressive ataxia syndromes, 696

### B

#### Behçet's disease

Interferon- $\alpha$ 2b for refractory ocular Behçet's disease, 549

#### Best vitelliform macular dystrophy

Refining the locus for Best vitelliform macular dystrophy and mutation analysis of the candidate gene ROM1, 135

#### Bilirubin

Retinopathy of prematurity and bilirubin. No clinical evidence for a beneficial role of bilirubin as a physiological anti-oxidant, 414

#### Blepharoptosis

Adjustable sutures in eyelid surgery for ptosis and lid retraction, 141

#### Blepharospasm

Electromyographic features of levator palpebrae superioris and orbicularis oculi muscles in blepharospasm, 696

Meige syndrome in the spectrum of Lewy body disease, 697

**Blindness**

- Prevalence of preventable blindness in a VA outpatient clinic, 277

**C****Candida sp.**

- Prevalence of fungal corneal ulcers in northern India, 692

**Capsulectomy**

- En bloc capsulectomy in the diagnosis and treatment of refractory, chronic, recurrent pseudo-phakic endophthalmitis, 412

**Cataract**

- A fifty-year follow-up of ocular defects in congenital rubella. Late ocular manifestations, 551  
A prospective study of alcohol consumption and risk of cataract., 691  
Proximal myotonic myopathy: a new dominant disorder with myotonia, muscle weakness, and cataracts, 833  
Total-body irradiation and cataract incidence. A randomized comparison of two instantaneous dose rates, 135  
The use of vitamin supplements and the risk of cataract among US male physicians, 691

**Cerebral cortex**

- Can science explain consciousness?, 553

**Children**

- Causes of blindness and severe visual impairment in children in Chile, 275  
Developmental setback in severe visual impairment, 275  
Differences in eye movements and reading problems in dyslexic and normal children, 276  
Eye-poking, 276  
Leukemic ophthalmopathy. A report of 21 pediatric cases, 554  
Natural history of optic pathway tumors in children with neurofibromatosis type 1: a longitudinal study, 833  
Ocular complications in young adults with insulin-dependent diabetes mellitus since childhood, 693

**Chloroquine**

- Visual function and long-term chloroquine treatment, 137

**Chromosome**

- Concordance between parental origin of chromosome 13q loss and chromosome 6p duplication in sporadic retinoblastoma, 136

**Cocaine**

- Comparative toxicity of tetracaine, proparacaine and cocaine evaluated with primary cultures of rabbit corneal epithelial cells, 274

**Conjunctiva**

- Prognostic factors in primary malignant melanoma of the conjunctiva. A clinicopathological study of 256 cases, 413

**Conjunctivitis**

- Evaluation of nedocromil sodium 2% ophthalmic solution for the treatment of seasonal allergic conjunctivitis, 829  
Nedocromil sodium treats symptoms of perennial allergic conjunctivitis not fully controlled by sodium cromoglycate; a double-masked placebo controlled group comparative study, 829  
Sodium cromoglycate eye drops: regular versus "as needed" use in the treatment of seasonal allergic conjunctivitis, 828

**Consciousness**

- Can science explain consciousness?, 553

**Cornea**

- Corneal donor infection by herpes simplex virus. Herpes simplex virus DNA in donor corneas, 548  
Human allograft limbal transplantation for corneal surface reconstruction, 827  
The natural history and management of recurrent corneal erosion. A prospective randomised trial, 411  
Prevalence of fungal corneal ulcers in northern India, 692

**Corneal epithelium**

- Comparative toxicity of tetracaine, proparacaine and cocaine evaluated with primary cultures of rabbit corneal epithelial cells, 274

**Corticosteroid**

- How does previous corticosteroid treatment affect the biopsy findings in giant cell (temporal) arteritis, 695  
Topical treatment of periocular capillary hemangioma, 554

**Curvularia sp.**

- Prevalence of fungal corneal ulcers in northern India, 692

**Cytomegalovirus retinitis**

- Randomized phase I trial of two different combination foscarnet and ganciclovir chronic maintenance therapy regimens for AIDS patients with cytomegalovirus retinitis. AIDS Clinical Trials Group protocol 151, 693

**D****Dacryocystorhinostomy**

- Endoscopic laser dacryocystorhinostomy, 280

**Diabetes mellitus**

- Discover diabetes. A community based screening programme for diabetic eye disease, 415  
Early vitrectomy for progressive diabetic proliferations covering the macula, 550  
A four-year follow-up study on the incidence of diabetic retinopathy in older onset diabetes mellitus, 693  
Ocular complications in young adults with insulin-dependent diabetes mellitus since childhood, 693

**Diabetic retinopathy**

A four-year follow-up study on the incidence of diabetic retinopathy in older onset diabetes mellitus, 693

The role of growth hormone in the development of diabetic retinopathy, 549

**Donor**

Corneal donor infection by herpes simplex virus. Herpes simplex virus DNA in donor corneas, 548

***Drosophila* sp.**

Homology of the eyeless gene of *Drosophila* to the small eye gene in mice and aniridia in humans, 692

**Drusen**

Clinicopathologic correlation of drusen and retinal pigment epithelial abnormalities in age-related macular degeneration, 550

**Dyslexia**

Differences in eye movements and reading problems in dyslexic and normal children, 276

**E****Embolism**

Retinal-artery embolism after directional coronary atherectomy, 694

**Endophthalmitis**

En bloc capsulectomy in the diagnosis and treatment of refractory, chronic, recurrent pseudophakic endophthalmitis, 412

Posttraumatic endophthalmitis: causative organisms, treatment, and prevention, 830

**Eye movement**

Eye movement impairment and schizotypal psychopathology, 833

**Eyelid**

Adjustable sutures in eyelid surgery for ptosis and lid retraction, 141

Topical treatment of periocular capillary hemangioma, 554

**F****Fisher's syndrome**

Fisher's syndrome, anti-GQ1b antibody, and HLA-B39 antigen, 119, correction, 556

**Foscarnet**

Randomized phase I trial of two different combination foscarnet and ganciclovir chronic maintenance therapy regimens for AIDS patients with cytomegalovirus retinitis. AIDS Clinical Trials Group protocol 151, 693

**Fuchs' corneal endothelial dystrophy**

Association of Fuchs' corneal endothelial dystrophy with angle-closure glaucoma, 827

**G****Ganciclovir**

Randomized phase I trial of two different combination foscarnet and ganciclovir chronic maintenance therapy regimens for AIDS patients with cytomegalovirus retinitis. AIDS Clinical Trials Group protocol 151, 693

**Genetics**

Concordance between parental origin of chromosome 13q loss and chromosome 6p duplication in sporadic retinoblastoma, 136

Genetic heterogeneity in Rieger eye malformation, 413

The genetics of retinoblastoma, revisited, 136

A genomic point mutation in the extracellular domain of the thyrotropin receptor in patients with Graves' ophthalmopathy, 140

Homology of the eyeless gene of *Drosophila* to the small eye gene in mice and aniridia in humans, 692

Mitochondrial DNA mutations in an outbreak of optic neuropathy in Cuba, 278

Molecular cloning and characterization of genes for antibodies generated by orbital tissue-infiltrating B-cells in Graves' ophthalmopathy, 140

Refining the locus for Best vitelliform macular dystrophy and mutation analysis of the candidate gene ROM1, 135

Stargardt's disease is not allelic to the genes for neuronal ceroid lipofuscinoses, 278

**Giant cell arteritis**

How does previous corticosteroid treatment affect the biopsy findings in giant cell (temporal) arteritis, 695

**Glaucoma**

Association of Fuchs' corneal endothelial dystrophy with angle-closure glaucoma, 827

Diffuse visual field loss and glaucoma, 548

Evaluation of the Humphrey FASTPAC threshold program in glaucoma, 691

Intraoperative intracameral viscoelastic agent in the prevention of postfiltration flat anterior chamber, 412

The global impact of glaucoma, 828

Trabeculectomy for normal-tension glaucoma, 692

**Glioma**

Optic gliomas in neurofibromatosis type 1. Role of visual evoked potentials, 417

**Graves' disease**

Human T lymphotropic virus type 1 uveitis after Graves' disease, 135

**Graves' ophthalmopathy**

The endoscopic management of sinus mucocoeles following orbital decompression, 555

Extraocular muscles in Graves ophthalmopathy. Usefulness of T<sub>2</sub> relaxation time measurements, 279

A genomic point mutation in the extracellular domain of the thyrotropin receptor in patients with Graves' ophthalmopathy, 140

Molecular cloning and characterization of genes for antibodies generated by orbital tissue-infiltrating B-cells in Graves' ophthalmopathy, 140

Thyrotropin receptor antisera for the detection of immunoreactive protein species in retroocular fibroblasts obtained from patients with Graves' ophthalmopathy, 697

The value of the short tau inversion recovery sequence in magnetic resonance imaging of thyroid eye disease, 280

#### **Growth hormone**

The role of growth hormone in the development of diabetic retinopathy, 549

### **H**

#### **Health care**

Diet and health. What should we eat?, 281

Doctors and dollars. Hippocrates revisited, 141

Terminating the physician-patient relationship, 281

The tyranny of health, 555

Why do people sue doctors? A study of patients and relatives taking legal action, 698

#### **Hemangioma**

Topical treatment of periocular capillary hemangioma, 554

#### **Herpes simplex virus**

Corneal donor infection by herpes simplex virus.  
Herpes simplex virus DNA in donor corneas, 548

A prospective randomized trial of oral acyclovir after penetrating keratoplasty for herpes simplex keratitis, 274

#### **Herpes zoster ophthalmicus**

Influence of oral acyclovir on ocular complications of herpes zoster ophthalmicus, 412

#### **Human immunodeficiency virus**

Prophylactic vaccines, risk behavior change, and the probability of eradicating HIV in San Francisco, 832

#### **Hyperprolactinemia**

Hyperprolactinemia in Reiter's syndrome, 830

#### **Hypertrophy**

Congenital hypertrophy of the retinal pigment epithelium and mandibular osteomata as markers in familial colorectal cancer, 831

### **I**

#### **Idiopathic intracranial pachymeningitis**

Visual loss from idiopathic intracranial pachymeningitis, 138

#### **Infants**

Visual outcome of low-birth-weight infants (1500–2500 g) at one year of corrected age, 551

#### **Interferon**

Interferon- $\alpha$ 2b for refractory ocular Behçet's disease, 549

#### **Intraocular lens**

Penetrating keratoplasty and intraocular lens exchange: open-loop anterior chamber lenses versus sutured posterior chamber lenses, 827

#### **Intraocular pressure**

Effect on intraocular pressure of local anaesthesia in eyes undergoing intraocular surgery, 828

Intra-ocular pressure during cardiopulmonary bypass. A comparison of crystalloid and colloid priming solutions, 548

#### **Iris**

Iris pigmentation and extent of disease in patients with neovascular age-related macular degeneration, 415

#### **Irradiation**

Total-body irradiation and cataract incidence. A randomized comparison of two instantaneous dose rates, 135

### **K**

#### **Keratotomy**

Human allograft limbal transplantation for corneal surface reconstruction, 827

#### **Keratitis**

Microbial keratitis following penetrating keratoplasty, 411

#### **Keratoconjunctivitis sicca**

Moisture aid during sleep for the treatment of dry eye: wet gauze eye mask, 830

Spectacle side panels and moist inserts for the treatment of dry-eye patients, 274

#### **Keratoconus**

Automated keratoconus screening with corneal topography analysis, 411

#### **Keratoplasty**

Penetrating keratoplasty and intraocular lens exchange: open-loop anterior chamber lenses versus sutured posterior chamber lenses, 827

#### **Kinetic art**

The neurology of kinetic art, 834

### **L**

#### **Laser**

Endoscopic laser dacryocystorhinostomy, 280

#### **Lateral geniculate nucleus**

A new job for the thalamus, 552

#### **Leber's hereditary optic neuropathy**

Leber's hereditary optic neuropathy mitochondrial DNA mutations in multiple sclerosis, 832

Leber's hereditary optic neuropathy. Correlations between mitochondrial genotype and visual outcome, 414

Mitochondrial DNA mutations in an outbreak of optic neuropathy in Cuba, 278

**M****Macula**

Clinicopathologic correlation of drusen and retinal pigment epithelial abnormalities in age-related macular degeneration, 550

Early vitrectomy for progressive diabetic proliferations covering the macula, 550

**Magnetic resonance imaging**

The value of the short tau inversion recovery sequence in magnetic resonance imaging of thyroid eye disease, 280

**Medical education**

Time to stanch the flow of residents, 698

**Meige syndrome**

Meige syndrome in the spectrum of Lewy body disease, 697

**Melanoma**

Prognostic factors in primary malignant melanoma of the conjunctiva. A clinicopathological study of 256 cases, 413

**Meningioma**

Hyperostosis in meningiomas. MR findings in patients with recurrent meningioma of the sphenoid wings, 139

Recurrent sphenoid-orbital meningioma, 139

Surgical treatment of meningiomas of the orbit and optic canal. A retrospective study with particular attention to the visual outcome, 139

**Mitochondria**

Mitochondrial DNA mutations in an outbreak of optic neuropathy in Cuba, 278

**Mucocoele**

The endoscopic management of sinus mucocoeles following orbital decompression, 555

**Mucormycosis**

Survival factors in rhino-orbital-cerebral mucormycosis, 833

**Multiple evanescent white dot syndrome**

Chronic recurrent multiple evanescent white dot syndrome, 550

**Multiple sclerosis**

Leber's hereditary optic neuropathy mitochondrial DNA mutations in multiple sclerosis, 832

**Muscle**

Adjustable sutures in eyelid surgery for ptosis and lid retraction, 141

Electromyographic features of levator palpebrae superioris and orbicularis oculi muscles in blepharospasm, 696

Extraocular muscles in Graves ophthalmopathy. Usefulness of T<sub>2</sub> relaxation time measurements, 279

How far can a medial rectus safely be recessed?, 551

Proximal myotonic myopathy: a new dominant disorder with myotonia, muscle weakness, and cataracts, 833

Sensory torsion as the cause of primary oblique muscle overaction/underaction and A- and V-pattern strabismus, 413

Stimulation of extraocular muscle fibroblasts by cytokines and hypoxia. Possible role in thyroid-associated ophthalmopathy, 140

**Myasthenia gravis**

Myasthenia gravis, 553

**Myotonic myopathy**

Proximal myotonic myopathy: a new dominant disorder with myotonia, muscle weakness, and cataracts, 833

**N****Nedocromil sodium**

Evaluation of nedocromil sodium 2% ophthalmic solution for the treatment of seasonal allergic conjunctivitis, 829

Nedocromil sodium treats symptoms of perennial allergic conjunctivitis not fully controlled by sodium cromoglycate; a double-masked placebo controlled group comparative study, 829

**Nerve**

Bilateral seventh nerve palsy. Analysis of 43 cases and review of the literature, 695

Comparison of oculomotor findings in the progressive ataxia syndromes, 696

Optic nerve disturbances. A new form of paclitaxel neurotoxicity, 697

**Neuralgia**

The effect of single-application topical ophthalmic anesthesia in patients with trigeminal neuralgia. A randomized double-blind placebo-controlled trial, 554

**Neurofibromatosis**

Natural history of optic pathway tumors in children with neurofibromatosis type 1: a longitudinal study, 833

**Neuropathy**

Mitochondrial DNA mutations in an outbreak of optic neuropathy in Cuba, 278

**Neurotoxicity**

Optic nerve disturbances. A new form of paclitaxel neurotoxicity, 697

**Non-Hodgkin's lymphoma**

Orbital and adnexal involvement in systemic non-Hodgkin's lymphoma, 417

**Nonarteritic ischemic optic neuropathy**

Outcomes of surgical and nonsurgical management of nonarteritic ischemic optic neuropathy, 138

**O****Ophthalmopathy**

Leukemic ophthalmopathy. A report of 21 pediatric cases, 554

Stimulation of extraocular muscle fibroblasts by cytokines and hypoxia. Possible role in thyroid-associated ophthalmopathy, 140

**Ophthalmoplegia**

External ophthalmoplegia after total intravenous anesthesia, 696

**Optic canal**

Surgical treatment of meningiomas of the orbit and optic canal. A retrospective study with particular attention to the visual outcome, 139

**Optic nerve**

Optic gliomas in neurofibromatosis type 1. Role of visual evoked potentials, 417

Optic nerve invasion of retinoblastoma. Metastatic potential and clinical risk factors, 136

Recovery of visual response of injured adult rat optic nerves treated with transglutaminase, 552

**Orbit**

The endoscopic management of sinus mucocoeles following orbital decompression, 555

Molecular cloning and characterization of genes for antibodies generated by orbital tissue-infiltrating B-cells in Graves' ophthalmopathy, 140

Orbital and adnexal involvement in systemic non-Hodgkin's lymphoma, 417

Orbital and optic pathway sarcoidosis. MR findings, 279

Orbital marginotomies for treatment of orbital and periorbital lesions, 555

Recurrent spheno-orbital meningioma, 139

Surgical treatment of meningiomas of the orbit and optic canal. A retrospective study with particular attention to the visual outcome, 139

Survival factors in rhino-orbital-cerebral mucormycosis, 833

Topical treatment of periocular capillary hemangioma, 554

**P****Palsy**

Bilateral seventh nerve palsy. Analysis of 43 cases and review of the literature, 695

Progressive supranuclear palsy. Neuropathologic and clinical heterogeneity, 416

The syndrome of 'pure akinesia' and its relationship to progressive supranuclear palsy, 416

**Paralysis**

Primary surgical management for rehabilitation of the paralyzed eye, 417

**Pars plana vitrectomy**

En bloc capsulectomy in the diagnosis and treatment of refractory, chronic, recurrent pseudophakic endophthalmitis, 412

**Pax gene**

Homology of the eyeless gene of *Drosophila* to the small eye gene in mice and aniridia in humans, 692

**Penetrating keratoplasty**

Microbial keratitis following penetrating keratoplasty, 411

A prospective randomized trial of oral acyclovir after penetrating keratoplasty for herpes simplex keratitis, 274

**Perimetry**

Computerised perimetry. The emperor's new clothes?, 691

Evaluation of the Humphrey FASTPAC threshold program in glaucoma, 691

**Pigmentary macular dystrophy**

Autosomal dominant cerebellar ataxia with pigmentary macular dystrophy; a clinical and genetic study of eight families, 832

**Proparacaine**

Comparative toxicity of tetracaine, proparacaine and cocaine evaluated with primary cultures of rabbit corneal epithelial cells, 274

**R****Reiter's syndrome**

Hyperprolactinemia in Reiter's syndrome, 830

**Retina**

Retinal breaks in patients with severe atopic dermatitis, 278

Retinal-artery embolism after directional coronary atherectomy, 694

Susac's syndrome. The triad of microangiopathy of the brain and retina with hearing loss in young women, 138

**Retinal pigment epithelium**

Clinicopathologic correlation of drusen and retinal pigment epithelial abnormalities in age-related macular degeneration, 550

Congenital hypertrophy of the retinal pigment epithelium and mandibular osteomata as markers in familial colorectal cancer, 831

**Retinitis pigmentosa**

Digenic retinitis pigmentosa due to mutations at the unlinked peripherin/RDS and ROM1 loci, 414

**Retinoblastoma**

Concordance between parental origin of chromosome 13q loss and chromosome 6p duplication in sporadic retinoblastoma, 136

The genetics of retinoblastoma, revisited, 136

Optic nerve invasion of retinoblastoma. Metastatic potential and clinical risk factors, 136

Trilateral retinoblastoma—incidence and outcome: a decade of experience, 831

**Retinopathy of prematurity**

Retinopathy of prematurity and bilirubin. No clinical evidence for a beneficial role of bilirubin as a physiological anti-oxidant, 414

**Rieger syndrome**

Genetic heterogeneity in Rieger eye malformation, 413

**Rubella**

A fifty-year follow-up of ocular defects in congenital rubella. Late ocular manifestations, 551

**S****Sarcoidosis**

Orbital and optic pathway sarcoidosis. MR findings, 279

**Scotoma**

Neurovisual rehabilitation in cerebral blindness, 552

**Sensory torsion**

Sensory torsion as the cause of primary oblique muscle overaction/underaction and A- and V-pattern strabismus, 413

**Silicone oil**

Intraocular silicone oil. In vitro and in vivo MR and CT characteristics, 137

**Sodium cromoglycate**

Sodium cromoglycate eye drops: regular versus "as needed" use in the treatment of seasonal allergic conjunctivitis, 828

**Sodium hyaluronate**

Intraoperative intracameral viscoelastic agent in the prevention of postfiltration flat anterior chamber, 412

**Spectacles**

Spectacle side panels and moist inserts for the treatment of dry-eye patients, 274

**Sphenoid**

Hyperostosis in meningiomas. MR findings in patients with recurrent meningioma of the sphenoid wings, 139

Recurrent sphenoid-orbital meningioma, 139

**Stargardt's disease**

Stargardt's disease is not allelic to the genes for neuronal ceroid lipofuscinoses, 278

**Strabismus**

Sensory torsion as the cause of primary oblique muscle overaction/underaction and A- and V-pattern strabismus, 413

**Susac's syndrome**

Susac's syndrome. The triad of microangiopathy of the brain and retina with hearing loss in young women, 138

**Suture**

Adjustable sutures in eyelid surgery for ptosis and lid retraction, 141

**Systemic lupus erythematosus**

Hyperprolactinemia in Reiter's syndrome, 830

**T****Tear**

Retinal breaks in patients with severe atopic dermatitis, 278

**Tears**

Spectacle side panels and moist inserts for the treatment of dry-eye patients, 274

**Tetracaine**

Comparative toxicity of tetracaine, proparacaine and cocaine evaluated with primary cultures of rabbit corneal epithelial cells, 274

**Thalamus**

A new job for the thalamus, 552

**Thyroid**

Stimulation of extraocular muscle fibroblasts by cytokines and hypoxia. Possible role in thyroid-associated ophthalmopathy, 140

**Thyrotropin**

A genomic point mutation in the extracellular domain of the thyrotropin receptor in patients with Graves' ophthalmopathy, 140

Thyrotropin receptor antisera for the detection of immunoreactive protein species in retroocular fibroblasts obtained from patients with Graves' ophthalmopathy, 697

**Topography**

Automated keratoconus screening with corneal topography analysis, 411

**Toxicity**

Comparative toxicity of tetracaine, proparacaine and cocaine evaluated with primary cultures of rabbit corneal epithelial cells, 274

**Trabeculectomy**

Trabeculectomy for normal-tension glaucoma, 692

**Transglutaminase**

Recovery of visual response of injured adult rat optic nerves treated with transglutaminase, 552

**Trauma**

Ocular trauma in major-league baseball players, 141

**Tumor**

Natural history of optic pathway tumors in children with neurofibromatosis type 1: a longitudinal study, 833

**U****Uhthoff's symptom**

Uhthoff's symptom in disorders of the anterior visual pathways, 416

**Uveitis**

Human T lymphotropic virus type 1 uveitis after Graves' disease, 135

Uveitis presenting de novo in the elderly, 830

**V****Vaccine**

Prophylactic vaccines, risk behavior change, and the probability of eradicating HIV in San Francisco, 832

**Virus**

Human T lymphotropic virus type 1 uveitis after Graves' disease, 135

**Visual cortex**

Feature-linked synchronization of thalamic relay cell firing induced by feedback from the visual cortex, 552

**Visual field**

Diffuse visual field loss and glaucoma, 548

Neurovisual rehabilitation in cerebral blindness, 552

**Visual function**

Visual function and long-term chloroquine treatment, 137

Visual outcome of low-birth-weight infants (1500-2500 g) at one year of corrected age, 551

**Visual impairment**

Causes of blindness and severe visual impairment in children in Chile, 275

Developmental setback in severe visual impairment, 275

Eye-poking, 276

Unrecognized visual problems amongst residents of Part III homes, 277

**Visual loss**

Visual loss from idiopathic intracranial pachymeningitis, 138

**Visual pathway**

Uhthoff's symptom in disorders of the anterior visual pathways, 416

**Visual-evoked potential**

Optic gliomas in neurofibromatosis type 1. Role of visual evoked potentials, 417

Recovery of visual response of injured adult rat optic nerves treated with transglutaminase, 552

**Vitamin**

The use of vitamin supplements and the risk of cataract among US male physicians, 691

**Vitrectomy**

Early vitrectomy for progressive diabetic proliferations covering the macula, 550
